

City Seeks to Buy Ambulance From Joliet Arsenal

Mayor Arthur O. Janke said today that the city of Joliet will submit a bid to the surplus property agency in Chicago for a 1942 Chevrolet ambulance to be released as surplus soon by the Joliet arsenal.

THE MAYOR, Chief E. E. Overbey, George Vollmer, automotive engineer for the city, and Purchasing Agent George L. Comerford, visited the arsenal yesterday to inspect the ambulance.

In excellent condition, it will replace the present antiquated model now in use by the city, if Joliet's offer is accepted by the surplus disposal agency, the mayor added.
